

SKIN PEP®.com
Advanced Anti-Ageing Skincare

PEP COSMECEUTICALS®
Beauty Confidence Perfection

Discover your **New Skin Glow**
THE ADVANCED ANTI-AGEING SKINCARE RANGE

HIGH CLASS MANUFACTURING

Pep Cosmeceuticals® advanced formulations are manufactured in a state-of-the-art cosmeceutical manufacturing facility in South Korea.

Our scientific research and development department in South Korea - headed by Chief Chemist Mr. Gwon Eun Seong, BS Chemistry major; and his R&D colleague Mr. Kim Mi Ra, BS Cosmetics major - Pep Cosmeceuticals® have created solutions for the most common skin problems; including premature ageing, photo-ageing damage, pigmentation, sagging skin, and superficial wrinkles.

AFFORDABLE QUALITY AVAILABLE DIRECT

Developed to fill a niche in the professional beauty industry for a highly effective results driven cosmeceutical skincare range at high street prices. The SkinPep® Advanced Anti-Ageing Skincare™ range of products is beautifully styled and is of a premium quality.

SkinPep® products can only be purchased direct from our website, from a SkinPep® Super-Star Reseller™, or from an independent therapist or retailers. With no wholesale mark-up to pay the saving can be passed directly to consumers resulting in the lowest priced high class cosmeceuticals on the market.

Cosmeceutical Quality

- We are committed to the **highest, medical-grade formulation standards**, and use only pharmaceutical-grade ingredients.
- We subject our final formulations to **extensive in-house testing** to confirm they deliver on their objectives.
- The SkinPep® Range contains **clinically-proven peptides, high potency cell communicating natural ingredients, no harmful chemical additives**, and is dermatologically tested with superior technology.
- All formulations are certified to **ISO 9001 and ISO 14001** – the quality standards required for the highest level of cosmeceutical formulations.
- Pep Cosmeceuticals® products are **not tested on animals**.

OUR VALUES

Innovation

- Our main objective is to achieve distinction and to ensure high quality products and services to our customers and business partners.

Pep Cosmeceuticals® is driven to become one of the worlds most advanced and effective anti-ageing skincare ranges.

We believe the key to success is through scientific clinical research to discover the best ingredients and very latest developments in cosmeceutical science.

Integrity

- To always uphold the highest ethical standards in our business practices.

Respect

- We believe that treating your customers and business partners with dignity, and valuing their contributions, is the most effective way to help one another succeed.

Development

- To aspire to be the best in everything we do and strive for continuous improvement. We continually develop our scientific R&D department and constantly look for ways to extend our range of scientifically advanced formulations.

Communication

- To strive for excellence in marketing and branding, and fully adopt the position that communication through social media, video testimonials, and engaging public relations, is the key to the future success of our mass-brand marketing.

Excellent Customer Service

- Our customers are the most precious element of our business and represent the best insurance formula for the future. We continually invest our time in improving customer care.

Our work is based on the strong belief that a satisfied customer constitutes the most important evidence of excellent service. We strive day after day to ensure the highest standards of customer satisfaction.

Perfume Free, Mineral Oil
Free, Artificial Dyes Free.

SkinPep® User Survey 2012-2013 Results

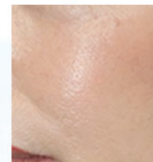

Our survey** has indicated, the use of SkinPep® Wrinkle Clear Serum with Epidermal, Fibroblast & Transforming Growth Factor (EGF, FGF & TGF) will support collagen & elastin formation but also support the outer skin layer. Users experience an improvement in the condition of skin collagen & an instant glow as the new skin is formed.

PROBLEM:

However within a few weeks the glow becomes dull as the new skin dies & activated by peptides begins to thicken & form a "dead skin barrier", which prevents the absorption of our 5 peptides & other collagen supporting ingredients. Most users** reported, at this point, the serum just seemed to stop working. Many of the survey group** reported that they had also experienced a similar reduction in effect for all other peptide brands they had used previous to using SkinPep® Wrinkle Clear Peptide Serum.

SOLUTION:

It is for this reason that we developed the SkinPep® Brightening Enzyme & Acid Peel. Regular peeling will remove the "dead skin barrier" & allow optimal absorption of the peptides, Pure Vit C Powder & beneficial serum ingredients. To further support skin health our SkinPep® HydroGel Masks provide excellent hydration and plumping. When combined these products form The SkinPep® 4 Step Collagen Facial Glow Treatment Set.

COMPUTER GENERATED IMAGERY

**SKINPEP® USER SURVEY 2012-2013 89 SkinPep® users were asked about their experiences using our peptide serums, 90% said they noticed an improvement in the appearance of skin within 3 weeks. 87% agreed they noticed the appearance of a new skin glow. This may conclude the use of SkinPep® Wrinkle Clear and Eye Lift Serum results in the formation of new glowing skin within a few weeks.

PROFESSIONAL GRADE PEELING

SkinPep® Brightening Enzyme & Acid Peel

Potent Active Ingredients Dissolves Dead Skin & Targets Dark Spots:

Highly concentrated pineapple and papaya enzymes to dissolve dead skin (keratin protein) and dark spots without burning or irritation. We Combine them with proven natural Alpha Hydroxy Acids (AHAs) Glycolic acid (5%) and Lactic acid (5%) , to create a highly effective, yet gentle peeling gel.

Antioxidants Lightens & Brighten The Appearance Of Skin:

Vitamin C, Grape Seed Extract, Red Ginseng, Camellia Sinensis Leaf (Green Tea) Extract & Co Enzyme Q10 may brighten the appearance of dark spots and uneven skin tone leading to the appearance of lighter and brighter skin.

Top Quality Skin Conditioning Agents:

Our Glycerine & Aloe Vera water based gel ensures excellent hydration and moisturization. For soft, radiant beautiful skin.

- ✓ Alcohol Free
- ✓ Artificial Dyes Free
- ✓ Paraben Free
- ✓ Hypo-allergenic
- ✓ Mineral Oil Free
- ✓ Perfume Free
- ✓ Safe & Natural

Dead Skin Must Be Removed Regularly:

Regular use of Peptide, Vitamin C, Sodium Hyaluronate and Retinol Creams and Serums will encourage new skin growth. This new skin will glow at first but after a short time will begin to appear dull as it dies and become a barrier that prevents the absorption of the very ingredients that supported it in the beginning. Regular peeling will remove the “dead skin barrier” and allow optimal absorption of the peptides & beneficial serum ingredients.

 <p>1. Wash the face leaving skin slightly wet.</p>	 <p>2. Apply a small amount of gel to face, neck or body.</p>
 <p>3. Gently massage in a circular motion for 1-2 minutes to remove the dead skin. (Do not rub hard - specific to sensitive skin)</p>	 <p>4. Leave on for another 1-2 minutes and continue to massage in a circular motion. Wash off to remove completely.</p>
 <p>5. FOR DEEPER PEELING: Leave on for 5 minutes or longer, once gel dries add a little water to re-hydrate and re-activate the gel.</p>	 <p>6. FOR MAXIMUM RESULTS: Apply 1-2 pumps of SkinPep® Wrinkle Clear Serum and EyeLift immediately after the peel.</p>

Available in: 7ml / 15ml / 30ml / 180ml

SUPER ANTIOXIDANT RADIANCE

SkinPep® C-Face Bright Booster Powder

SkinPep® C-Bright Booster Powder (99% pure Magnesium Ascorbyl Phosphate)

A clinically proven form of vitamin C that stimulates collagen production and neutralises the damaging effect of free radicals*. When approx. 50mg is mixed into our peptide serums and used daily, it can dramatically improve the appearance of fine lines and wrinkles.

Lightens And Brightens Complexion

Clinically Proven To Inhibit Melanin Producing Cells, Help to Repair Age Spots, Brown Spots & Photo (Sun) Damage Without The Burning Or Irritation Of Pure Ascorbic Acid Powder.

Non Acidic Light & Oxygen Stable Vit C

99% Micro Fine Magnesium Ascorbyl Phosphate. Add 1-2 Scoops to Our Peptide Serums To Dramatically Improve Collagen Boosting Action. *Use continually every morning and night to maintain collagen & elastin).

- ✓ Alcohol Free
- ✓ Artificial Dyes Free
- ✓ Paraben Free
- ✓ Hypo-allergenic
- ✓ Mineral Oil Free
- ✓ Perfume Free
- ✓ Safe & Natural

SkinPep C-Bright Booster Powder:

When mixed with our lipid & water based serums protects the outer part of the cells to protect & prevent cellular damage and enters the centre of the cells of the dermis (first 5 layers of skin) and will therefore stimulate collagen (fibroblasts) and boost the integrity of skin cells. Leading to the appearance of radiant bright baby soft skin.

Available in: 1g / 2.5g Sachets & 5g/20g Jars

Free standard shipping on all orders over £20.00

Product advice / Order line: 0203 289 6220

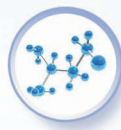

MAXIMUM PEPTIDE PROTECTION

SkinPep® Wrinkle Clear Growth Factor Serum

Maximise Collagen & Elastin Top Quality Skin Conditioning Agents:

Our exceptionally high quality, light, non clogging serum is unlike other greasy heavier serums. Wrinkle Clear's silky refined texture has been engineered to allow maximum absorption of Peptides, Sodium Hyaluronate, Retinol & Vitamin C etc. Supports collagen and elastin in skin cells to improve the appearance of fine lines & wrinkles.**

Healthy Radiant Complexion:

When used daily may support healthy skin metabolism. May soften skin roughness and improve the appearance of age spots and evens out pigmentation.**

PROFESSIONAL GRADE PEELING

SkinPep® Sensitive Skin Enzyme Bright Peel

Potent Active Ingredients Dissolves Dead Skin & Targets Dark Spots:

Highly concentrated pineapple and papaya enzymes to dissolve dead skin (keratin protein) and dark spots without burning or irritation. A highly effective, yet gentle peeling gel.

Dissolves Dead Skin Around The Delicate Eye Area:

Can be applied to the delicate under eye area, to remove the dead skin and allow improved absorption of our potent anti ageing creams and serums.

Dead Skin Must Be Removed Regularly:

Regular use of Peptide, Vitamin C, Sodium Hyaluronate and Retinol Creams and Serums will encourage new skin growth. This new skin will glow at first but after a short time will begin to appear dull as it dies and become a barrier that prevents the absorption of the very ingredients that supported it in the beginning. Regular peeling will remove the "dead skin barrier" & allow optimal absorption of the peptides & beneficial serum ingredients.

Antioxidants Lightens & Brightens The Eyes:

Vitamin C, Grape Seed Extract, Red Ginseng, Camellia Sinensis Leaf (Green Tea) Extract & Co Enzyme Q10 target dark spots and uneven skin tone leading to the appearance of lighter and brighter skin.

Top Quality Skin Conditioning Agents:

Our Glycerine & Aloe Vera water based gel ensures excellent hydration and moisturization. For soft, radiant beautiful skin.

- ✓ Alcohol Free
- ✓ Artificial Dyes Free
- ✓ Paraben Free
- ✓ Hypo-allergenic
- ✓ Mineral Oil Free
- ✓ Perfume Free
- ✓ Safe & Natural

1. Wash the face leaving skin slightly wet.

2. Apply a small amount of gel to Eye or Face.

3. Gently massage in a circular motion for 1-2 minutes to remove the dead skin. (Do not rub hard - specific to sensitive skin)

4. Leave on for another 1-2 minutes and continue to massage in a circular motion Wash off to remove completely.

5. FOR DEEPER PEELING: Leave on for 5 minutes or longer, once gel dries add a little water to re-hydrate and re-activate the gel.

6. FOR MAXIMUM RESULTS: Apply 1-2 pumps of SkinPep® Eye Lift or Wrinkle Clear Serum immediately after the peel or use with C Eye Bright Booster.

SUPER ANTIOXIDANT RADIANCE

SkinPep® C-Eye Bright Booster Powder

SkinPep® C-Eye Bright Booster Powder (99% pure Magnesium Ascorbyl Phosphate):

A clinically proven form of vitamin C that stimulates collagen production and neutralises the damaging effect of free radicals*. When approx. 50mg is mixed into our peptide serums and used daily, it can dramatically improve the appearance of fine lines and wrinkles.

Lightens And Brightens Dark Eye Bags & Circles:

Clinically Proven To Inhibit Melanin Producing Cells, Help to Repair Age Spots, Brown Spots & Photo (Sun) Damage Without The Burning Or Irritation Of Pure Ascorbic Acid Powders.

(may be involved in the production & maintenance of collagen & elastin)
- **ACETYL - HEXAPEPTIDE - 8****
(may be involved in the natural process of muscle relaxation)

Available in: 2ml Sachet & 15ml Bottle

SUPER HYDRATING & PLUMPING

SkinPep® Hydra Boost - Pure Hyaluronic Acid Serum

Maximise Collagen & Elastin:

Hyaluronic Acid (HA) is a vital structural component of the skin that declines as we age and is responsible for the skin's moisture, suppleness and elasticity. As we age, our body produces less and less of this important acid, thus affecting how moisture is stored in our skin. SkinPep® Hydra-Boost - Pure Hyaluronic acid Serum, provides the nourishing ingredients your skin needs to stay radiant and beautiful. In only moments, it penetrates deep into the skin, nourishing it from the core. It May boost skin elasticity and reduce the appearance of wrinkles by supporting the body's own skin production cycle.

Healthy Radiant Complexion:

SkinPep® Hydra-Boost Serum is recommended for anyone of any age interested in preserving and maintaining the skin's natural elasticity and youthful qualities. Apply under creams in the evening or alone to hydrate skin. Unlike products that depend on moisture in the air, it can help hydrate skin even in dry climates or heated rooms that rob skin of moisture. The highest quality of Hyaluronic Acid serum brings the elasticity back to your skin, making it look and feel youthful and smooth.

Sodium Hyaluronate:

A source of Hyaluronic Acid. Its name is derived from the Greek word hualos, meaning glass because of its transparent, glassy appearance. Hyaluronic Acid is a moisture retaining ingredient and humectant. Hyaluronic acid is a natural skin cell component, found in the deepest levels of the dermis. It is able to hold 200 times its weight in water, which makes it an excellent moisturiser. It is found more in younger skins with levels declining over the years. (Source: <http://www.ncbi.nlm.nih.gov/pubmed?term=hyaluronic%20acid%20skin>)

DIRECTIONS FOR USE:

Apply a small amount of serum to face and décolletage, (on clean skin) gently massage in a circular motion for 1-2 minutes to achieve perfect skin hydration. SkinPep® Hydra-Boost Serum can also be mixed directly with SkinPep® C Face & Eye Bright Booster 99% (Magnesium Ascorbyl Phosphate) vitamin C powder. It dissolves easily into the powder to create a highly effective, potent, fresh, acid free, pure and stable vitamin C serum.

INGREDIENTS: Aqua, Sodium Hyaluronate, Glycerin Propylene Glycol, Carbomer, Disodium EDTA, PEG-60 Hydrogenated Castor Oil, Triethanolamine, hexoxyethanol.

SkinPep® User Survey 2012-2013 Results

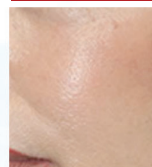

Our survey** has indicated, the use of SkinPep® Wrinkle Clear Serum with Epidermal, Fibroblast & Transforming Growth Factor (EGF, FGF & TGF) will support collagen & elastin formation but also support the outer skin layer. Users experience an improvement in the condition of skin collagen & an instant glow as the new skin is formed.

PROBLEM:

However within a few weeks the glow becomes dull as the new skin dies & activated by peptides begins to thicken & form a "dead skin barrier", which prevents the absorption of our 5 peptides & other collagen supporting ingredients. Most users** reported, at this point, the serum just seemed to stop working. Many of the survey group** reported that they had also experienced a similar reduction in effect for all other peptide brands they had used previous to using SkinPep® Wrinkle Clear Growth Factor Serum.

SOLUTION:

It is for this reason that we included the The SkinPep® Titanium 540 Micro Needle Roller. Regular use will penetrate the "dead skin barrier" & allow optimal absorption of the peptides, Pure Vit C Powder & beneficial serum ingredients. To further support skin health our SkinPep® HydroGel Masks provide excellent hydration and plumping. When combined these products form The SkinPep® 4 Step Growth Factor Vampire Collagen Treatment Set.

COMPUTER GENERATED IMAGERY

**SKINPEP® USER SURVEY 2012-2013 89 SkinPep® users were asked about their experiences using our peptide serums, 90% said they noticed an improvement in the appearance of skin within 3 weeks. 87% agreed they noticed the appearance of a new skin glow. This may conclude the use of SkinPep® Wrinkle Clear and Eye Lift Serum results in the formation of new glowing skin within a few weeks.

PROFESSIONAL GRADE HOME USE

SkinPep® Titanium Micro Needle (540) Roller

Clinically Proven To Boost Collagen & Elastin Production*:

The SkinPep® Titanium (Gold Plated) 540 Micro Needle Roller is a clinically proven solution for non-surgical and non-abrasive treatment of various skin conditions, such as fine lines & wrinkles, stretch marks, acne scarring and hyper-pigmentation. It will stimulate collagen and elastin production in the skin without damaging it. This stimulation causes the skin underneath, to use your own collagen to fill and soften wrinkles

For best results use as part of our 4 Step Growth Factor Vampire Collagen treatment.*

A

**Roll 10 times
per area
following
pattern A or B**

B

DIRECTIONS: Sterilise the roller with a sterilising solution or immerse in boiling water for 2-3 minutes and allow to dry before every use. Cleanse face, neck, décolletage and pat skin dry. This step is generally performed at night. Visually divide the skin into sections (forehead, left cheek, right cheek, nose, chin, left side of the neck etc.) Hold the skin taut and with minimal pressure, using a constant, gentle rolling motion roll 10 times over each skin area. (It leaves no damage to the skin & no pain during the procedure)

**** SEE WWW.SKINPEP.COM FOR FULL DETAILS OF ALL INGREDIENTS USED & CLINICAL REFERENCES.**

Significantly Enhances The Absorption Of Our Creams & Serums*:

Tiny holes produced by micro needling will enable more efficient delivery into the lower levels of the dermis. These holes are naturally filled with collagen as new skin is regenerated creating a youthful new skin glow.

Use 2 – 7 Times Per Week:

Depending on skin tolerance. Suitable for all skin types and all skin colours. It can be used on thin skin, and on all areas of the face, neck and body. Gradually increase the size of the roller head as your skin becomes stronger, more toned, smoother and softer.*

Clinically Proven To Boost Natural Levels Of Growth Factor Peptides*:

Micro skin damage created from regular Micro Needle Rolling will stimulate the release of natural collagen and elastin boosting Growth factors to dramatically improve the tone and elasticity of your skin.

FOR MAXIMUM RESULTS: skin improvement is significantly enhanced by combining Skin Needling with the topical application of vitamin A (SkinPep Ultra Retinol 0.5%) and or SkinPep Wrinkle Clear Growth Factor Serum prior, during and post treatment. Vitamin C (SkinPep Super C-15) is an essential co-factor to be used alongside vitamin A. Both vitamin A and C work synergistically to induce collagen synthesis and help regenerate the skin. *Visit www.skinpep.com/clinical-studies

Available in **0.2mm, 0.3mm & 0.5mm Gold Plated Titanium 540 Needle Face and Eye Models**

SKIN FIRMING & SUPER ANTIOXIDANT

SkinPep® Super C15 Serum

Clinically Proven Oxygen Stable Vit C:

Contains a formula that is a proven stable and effective vitamin C serum. This light, non greasy serum can be added to our creams and serums to boost their antioxidant protection and collagen boosting properties with the following natural ingredients:

(15%) L-Ascorbic Acid (Vitamin C)

Inhibits UVA and UVB radiation-induced damage; photoprotective capabilities; promotes collagen synthesis.*

Hyaluronic Acid:

Is a natural skin cell component, found in the deepest levels of the dermis. This excellent moisturiser is able to hold 200 times its weight in water.*

(0.5%) Ferulic Acid:

Neutralizes free radicals acts synergistically with other antioxidants, improving their potency*

(1%) Alpha-Tocopherol (Vitamin E):

Helps to protect the cellular membrane from free radical damage, improves the skin's water binding abilities;*

Matrixyl (Palmitoyl-Pentapeptide-3):

Simulates collagen synthesis and stimulates fibroblast molecules which aid dermal matrix repair.*

Boost Collagen & Elastin:

Contains a formula that is clinically proven to stimulate collagen production, and neutralise free radicals* reducing the appearance of fine lines and wrinkles.

Lightens And Brightens Complexion:

Clinically Proven To Inhibit Melanin Producing Cells, Help to Repair Age Spots, Brown Spots & Photo (Sun) Damage.

Natural UV Protection:

Super C15 Serum provides 8-times the skin's natural photoaging protection and a 96% reduction of sunburn cells in UV irradiated skin, protection against UV induced erythema, free radical formation, and cellular damage that results in premature skin aging.** Visit www.skinpep.com/clinical-studies for more info

- ✓ Alcohol Free
- ✓ Artificial Dyes Free
- ✓ Paraben Free
- ✓ Hypo-allergenic
- ✓ Perfume Free

DIRECTIONS:

Apply 2-3 drops to face and décolletage up to twice daily after cleansing. Add to your SkinPep® serums, or use alone and follow with moisturizer where needed. If applied in the morning, protect your skin with a sunscreen SPF 30 (E.g SkinPep® Hydra-Sun Defence SPF 30). Super C15 can also be applied around the under eye area if well tolerated.

Daily application of, SkinPep® Super C15 serum along with the use of our broad spectrum sunblock, offers ultimate protection from UV light and associated skin damage. Once absorbed, Super C15 can not be washed or rubbed off. It remains effective for a minimum of 72 hours.

Start low (application amount) and go slow (frequency of use). On any sign of irritation reduce the frequency of use until skin acclimates. You should carefully read all product packaging and labels prior to use.

USAGE RECOMMENDATIONS

Photoaged or photodamaged skin; dry or sensitive skin / poor skin elasticity; erythema; hyperpigmentation, beginning 30 days before and/or 7-10 days after invasive or non-invasive procedures.

Available in: 7ml & 30ml bottles

Free standard shipping on all orders over £20.00

MAXIMUM SKIN CELL RENEWAL

SkinPep® Ultra Retinol 0.5% Serum

Clinically Proven Oxygen Stable Vit C:

SkinPep® Ultra Retinol 0.5% helps stimulate cell regeneration and build collagen to diminish the appearance of fine lines, wrinkles and age spots from both photo-and intrinsic aging. Additionally, it helps minimise the appearance of pore size, while correcting blemishes and blotchiness often associated with problematic skin. SkinPep® Ultra Retinol 0.5% is recommended for blemished, wrinkled and sun damaged skin.

Highest Potency Helps To Reduce The Appearance Of Fine Lines, Wrinkles & Dark Spots:

SkinPep® Ultra Retinol 0.5% is the highest permitted concentration for home use in the EU. 0.5% is a concentration of pure retinol that is clinically proven to stimulate collagen production, repair photo (sun damage)*, and neutralise free radicals*.

(Source: Dermatologic Surgery, June 2010, pages 829-840; Journal of Cellular Physiology, August 2009, pages 427-439; Journal Southern Medical University, February 2009, pages 217-219.)

Transforming Growth Factor (TGF):

Clinically proven to optimize Collagen and Elastin production while inhibiting the enzymes that destroy the Collagen-Elastin matrix.

Boost Collagen & Elastin:

Contains a formula that is clinically proven to stimulate collagen production, and neutralise free radicals* reducing the appearance of fine lines and wrinkles.

Potent Peptides & Antioxidant Cell Support Ingredients

Retinol Red Ginseng, Sea Algae, Collagen Peptides, Grape Seed Extract, Green Tea Extract, Ferulic Acid & Vitamin E.

Matrixyl (Palmitoyl-pentapeptide-3):

Simulates collagen synthesis and simulates fibroblast molecules which aid dermal matrix repair.*

Fibroblast Growth Factor (FGF):

Simulates collagen synthesis and simulates fibroblast molecules which aid dermal matrix repair.*

DIRECTIONS:

Use once or twice a week each evening as tolerated. Usage can be slowly built up to every other night and then nightly or as tolerated. Apply a pea-sized amount to thoroughly cleansed skin in the evening. Carefully avoid the eyes and the corner of the eyes. To ensure optimal results, wait at least 30 minutes before applying any corrective or moisturizing products the same evening as applying SkinPep® Ultra Retinol 0.5%.

PRECAUTION: Do not use if pregnant. May cause skin peeling as the new skin is formed, on any sign of irritation reduce frequency of use until the skin gets used to application. Use a broad-spectrum sunscreen min SPF 30 daily (E.g SkinPep® Hydra-Sun Defence SPF 30). Even during cloudy days protect your skin with a good sunscreen when using retinol products.

MAXIMUM SKIN PROTECTION

SkinPep® Hydra Sun Defence SPF 30 Day Cream

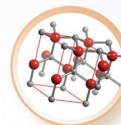

Invisible Formula Matches Your Skin Tone With No White Cast:

SkinPep® Hydra-Sun Defence SPF 30 Cream is an exceptionally high quality Natural sun screen day cream. It contains EU compliant non toxic, hypo-allergenic safe and effective mineral based sun UV blocking agents that unlike most other mineral based sunscreens will not leave a white chalky residue. Our advanced formulation will blend in with the colour of your natural skintone to give the look of a high quality moisturising cream without the traditional look of a mineral SPF 30 full spectrum sunscreen.

Powerful Antioxidants & Botanicals & Top Quality Skin Conditioning Agents

SkinPep® Hydra-Sun Defence SPF 30 Cream is designed to be used all year round. To further boost the protecting effect of Zinc Oxide and Titanium Dioxide, high concentrations of natural sun screening agents; anti oxidants Grape Seed Ext, Green Tea ext, Vit E and Ferulic Acid have been added. They can also protect you from the damaging effects of free radicals.

Mineral Based Zinc Oxide And Titanium Dioxide With No Added UV Absorbing Chemicals:

Almost all non mineral sun screens contain UV absorbing chemicals that have been shown in studies to damage the genetic material of skin cell or cause disruptions of the endocrine system. Our mineral based day cream water resistant UV rays reflecting formula, stays on the outside of your skin as an invisible barrier reflecting the damaging UVA and UVB rays without entering the skin cells.

DIRECTIONS:

Apply a small amount of cream to face and décolletage, (on clean skin). Apply every 2 hours if exposed to direct sunlight. Can be applied over SkinPep® Collagen Renew day and night creams, Wrinkle Clear and Eye Lift serums as well as our SkinPep® Dark Circle Eraser Growth Factor Eye Cream. Hydra Sun Defence is also compatible with our Hydra-Boost Hyaluronic acid serums and C Bright Booster as well as our Super C15 Serum.

SkinPep® Hydra-Sun Defence makes the perfect base for BB creams and foundations, applied under make up.

DAILY COLLAGEN DRINK

SkinPep® Collagen Re-Nu - Liquid Shot

Pharmaceutical Grade Marine Collagen

SkinPep® Collagen Re-Nu® Liquid Shot contains a scientifically advanced combination of collagen peptides, Hyaluronic Acid, vitamin C, B1, B2, B3, B5, B6, B12, Biotin, Folic acid and Flaxseed lignans. The natural sweetener Stevia and blackcurrant extract has been added to give a delicious taste with no added calories from sugar.

Designed To Enhance The SkinPep Range of Anti Ageing SkinCare Products

SkinPep® Collagen Re-Nu® Liquid Shot was developed to be used in conjunction with our Serums, Creams, Powders and Gel Masks. Drinking SkinPep® Collagen Re-Nu® Liquid Shots daily will support daily collagen maintenance and optimise the level of collagen amino acids in the blood to help the body respond better to our topically applied clinically proven collagen supporting cosmetics.

See www.Collagen-ReNu.com for details of numerous clinical trials confirming the proven action of collagen peptides.

Clinically Proven

Various Studies have indicated that when taken orally, the collagen peptides found in SkinPep® Collagen Re-Nu® liquid shots significantly improve basic skin structure and condition. When consumed on a daily basis, they help to increase skin hydration levels; improve skin tone, radiance and structure; and reduce fine lines as well as reduce the appearance of wrinkles and fine lines.

- PROMOTE YOUNGER LOOKING SKIN
- SUPPORT HEALTHY SKIN HYDRATION
- HELP SUPPORT HEALTHY LOOKING HAIR & NAILS
- SUPPORT HEALTHY JOINT COLLAGEN

Scientifically Advanced Formulation

This advanced dry powder nutritional supplement mix has no added artificial colours or preservatives. Regular consumption of collagen peptides (SkinPep® Collagen Re-Nu® liquid shot's combination of collagen peptides and supplements) is clinically proven to support the formation of Collagen in the body.

DIRECTIONS FOR LIQUID SHOT BOTTLE:

Remove lid and add chilled water till 3/4 full. Replace lid and shake bottle for over 20 seconds. Let the liquid settle for a few minutes and drink. Consume 1 bottle daily preferably on an empty stomach or two hours before your main meal or protein supplement.

DIRECTIONS FOR LIQUID SHOT SACHET:

Add 1 scoop (10g) of collagen Granules to a 3/4 full glass of chilled water and stir for up to 20 seconds. Let the liquid settle for a few minutes and drink. Consume 1 serving daily preferably on an empty stomach or two hours before your main meal.

Our convenient removable puff is easy to change and easy to wash and can be reused many times over.

Make Up Mistakes

One of the biggest mistakes we are probably guilty of is not properly blending our foundation. Luckily we have found a product that effortlessly applies make-up and blends for an expert looking, flawless finish. Liquid foundation is really great at covering imperfections or discoloration but if it is not blended well it often looks cakey or blotchy. When you apply foundation directly to the skin and blend it in not only does it take forever to blend but it also settles into fine lines and may look unnatural.

That's Why We Love This New Handy Gadget:

SkinPep® Auto Make-Up applicator - the exclusive vibrating auto puff. Now wherever you are, whenever you want, you can have perfect make-up. When you use the SkinPep® vibrating puff you simply apply it into the skin without leaving a huge mess. It does all the work for you and gives your skin an even tone working as a concealer, a foundation and powder all in one cutting out major steps in your make-up routine.

Simple To Use

The benefits of the vibrating auto puff is that it is an easy and handy make-up without the use of hands, while it's delicate and secure pattern is an excellent adhesion with light and long-wearing coverage. The vibrating applicator does not require any assembly. All you have to do is dab the compact foundation with the applicator a couple of times and turn on the switch located below the puff. The level of vibration is similar to that of a mobile phone. It is small enough to carry around, and is easy to apply to curvy areas such as the T-zone. With the many options that are available, consumers are wondering if vibrating foundation is really worth the hype. To set the record straight SkinPep® Auto Make-Up exclusive auto puff contours to the face like no other.

STEP 1
Push the slide button for on.

STEP 2
Coat the puff with some foundation.

STEP 3
Put foundation on face as pictured.

STEP 4
Move it as picture demonstrates.

STEP 5
Pat on face where you want more coverage.

STEP 6
Push the slide button for OFF & close the cap.
